These sessions will focus on key topics and provide students with valuable strategies for exam preparation and/or the opportunity to strengthen coursework components which count towards their final grades in the Summer. Therefore, attendance is highly encouraged in order to boost overall preparations for upcoming external examinations. Evidence supports a direct link between attendance to revision classes and improved academic achievement.

Wellbeing Support

The lead up to examinations can be a stressful and anxious time for students and parents/carers alike. Should you have any concerns regarding your son/daughter at any time throughout the year, please contact their college team directly:
